DESTINATION HIGHLIGHTS

Milford Sound

A masterpiece created by mother nature, Milford Sound is a fjord located in the southwest of New Zealand's South Island that is a river valley carved by glaciers during the ice ages filled with marine life including dolphins, fur seals, penguins, rare black coral, delicate anemones and 11-legged sea stars. At Milford Sound Underwater Observatory, a unique and spectacular view of the sea life can be witnessed from 10 metres underwater without getting wet. For tranquil landscapes, hike through The Milford Track – one of the nine New Zealand Great Walks that is adored for its sheer-iced valleys, alpine, cascading waterfalls and lush terrain.

Christchurch

Christchurch is a renowned for their luscious hills that await to be hiked, parks, flowering gardens, urban culture, art and history, with a strong sense of English influence. Be spoiled for choice on how you want to be immersed by the tranquil scenery that Christchurch has to offer, whether it be through 360-degree views on the New Zealand Christchurch Cableway that overlooks the mountains or the Christchurch tram that takes you through the city where you can hop off at the main attractions and shopping destinations such as the Caterpillar Gardens, Cathedral Square and the tree-lined Avon River.
