Here you'll cruise for 2 hours through the gorge, discovering the customs of the traditional land owners, the Jawoyn people. Discover the stories and ways of the Jawoyn people. The tour includes a three course candle light dinner, featuring fresh, local Australian produce cooked on board, a complimentary glass of sparkling wine, tea and coffee.

### Day 2 – Sunday 7 August (B,L)

This morning we take a hands on cultural experience at Top Dij Art Gallery Activities on offer include sitting down with resident artist, Manuel who will tell you tales of tribal life, language, the hunting and gathering techniques, ceremony, weapons used and aboriginal contemporary life. Experience your own Rarrk painting with Manuel and you will also have an opportunity to participate in one of the traditional hunting activities (firelighting, spear throwing etc.).

We now travel west through Gregory National Park and Timber Creek and into Western Australia. Our destination today is Lake Argyle, Australia's largest man-made lake, covering 1000sq km and built as part of the Ord River scheme. It offers a great expanse of water from which steep red rocky slopes reach up approximately 150m, in awe-inspiring grandeur. The rest of the afternoon is yours to relax in your room, have a swim in the infinity pool or take a walk.

*Overnight - Lake Argyle Resort, in en-suite rooms*

### Day 3 – Monday 8 August (B,L)

At 10am you'll take a 3 hour cruise on Lake Argyle, with great scenery and unique wildlife with a smorgasbord lunch included.

Enjoy an expert commentary from the experienced tour guides and skippers including information about the history of the area, the Ord Irrigation Scheme, pioneering Durack Family and unforgiving rugged landscape.

Stop at a remote island beach for a swim in the pristine waters while our crew prepare your buffet lunch including a taste of the fresh caught Lake Argyle Silver Cobbler, cold meats, salads, fruits and a couple of complimentary beers, glasses of wine, soft drinks and/or cold water.

On return to the boat ramp, continue with a 20 minute bus tour of the Main Ord Dam site for a closer look at the dam wall, intake tower, hydro power station and irrigation outlet valves and down into the spectacular Ord River Gorge below the towering wall.

The afternoon is spent exploring Tunnel Creek, a 750m long limestone tunnel in the Napier Range, carved into the rock over thousands of years. View stalactites and stalagmites and hear the story of Jandamarra, who used the tunnel as a hideout in the late 1800's.
