This protection package includes our Professional Indemnity Insurance plus our adherence to legal standards required via our accreditations with AFTA-ATIA, ATAS, CLIA, IATA-TIDS, ETG and CRUISECO, complimented with over 46 years of expertise and experience.

Our "SECURITY UMBRELLA®*" protection package is our umbrella guarantee of services, accreditations and credentials that exists in reality and not via ambiguous marketing spins, anonymous Internet promises, time-wasting communications or an impersonal number system!

We will not compromise our professional services or your security that are all based upon decades of travel expertise, personal experiences and priceless intellectual property.

Do I still need a comprehensive Travel Insurance policy?

Yes. You still need a separate comprehensive travel insurance policy. We are qualified to quote, distribute and have issued a policy for your needs with PreExisting Medical conditions also taken into consideration -if needed - to allow you to make an informed choice.

Thorough reading and understanding of each Insurers PDS (Product Disclosure Statement) is critical. We suggest **not to purchase inferior or cheap insurance nor rely of the purported "free" credit card policies.** In our experience, the PDS exclusions and inclusions with the ability for an Insurer to quickly respond to you and pay claims is more important than a policy cost, especially if emergencies erupt or if there is a major health scare, evacuation or an international catastrophe.

What is the best way to secure travel tickets + pay for travel bookings? *

Once you have committed to us your monetary funds we will immediately forward to you all travel tickets and/or vouchers as soon as we have these issued or are received by us including any travel insurances or even foreign exchange cash monies. We **do not delay** issuance to ensure that you are in control of what was paid and issued.

Additionally, as part of our "Peace-of-Mind" services our Axis Travel advisor(s) assist and advise you before, during and after you return, maintaining personal contact as part of our "Peace-of-mind" service protocols. This is becoming a critical part of communications as flight-boarding-joining times and numbers and other travel elements can change!
